Project Experience:

Project #1

Project Title	:	DispatchTrack InterModal(DTI)
Client	:	DispatchTrack
Team size	:	3 Members
Duration	:	5 Months
Role	:	AngularJs 2, ROR Developer, Designer
Live Url	:	https://dti.dispatchtrack.com/

Description   : DispatchTrack InterModal Logistics Manager is a powerful, web-based delivery management solution that helps with routing, tracking, and workflow management. It provides a central point of communication between drivers in the field and office staff, so everyone is always on the same page. The advanced routing module allows companies to focus on saving time and resources by planning the best possible route for drivers. The GPS Tracking & Dashboard delivers real-time updates on any driver's location and the status of the job they're working on. That way, management is always in loop on what may be happening the field. DTI has a mobile app that was designed specifically for drivers.

Project #2

Project Title	:	MyProperty
Client	:	Ashok Navein
Team size	:	4 Members
Duration	:	12 Months
Role	:	ROR Developer, Designer
Live Url	:	https://myproperty.com.au/

Description   : MyProperty helps self-managing landlords find better tenants, collect rent and handle maintenance faster, by advertising their rental properties across the same websites real estate professionals use, including realestate.com.au and Domain.

Project #3

Project Title	:	PRmote
Client	:	Mike
Team size	:	4 Members
Duration	:	5 Months
Role	:	ROR Developer, Designer.
Live Url	:	http://prmote.com/

Description   : PRmote helps candidate to create their resume and details online and also provides a website with their details and they can choose the required template and layout for their site.

Project #4

Project Title	:	Qzick
Client	:	Rubyeffect
Team size	:	5 Members
Duration	:	3 Months
Role	:	ROR Developer, Designer

Description   : Qzick is a simple online quiz tool that allows educators to quickly create tests for their students. The powerful reports show exactly which students are struggling, and which are excelling.

Project #5
